NAPLAN

Next week those students who have been absent for some or all of the assessments will complete these in catch up sessions. Staff and students are to be commended for the seamless way NAPLAN was planned for and completed.

SCHOOL BOARD

The APS Board met earlier this week to discuss a number of agenda items.

◆ 2018 School Report

The School Report is a mandated accountability document that is provided to the Department of Education and to the school community. This report demonstrates our achievements for the 2018 school year and highlights our ongoing commitment to enhancing the educational outcomes for all of our students here at Aveley Primary School. Once ratified by the School Board the School Report will be available to the community.

◆ Sustainability

The School Board were provided with information around our journey to become a more sustainable school. A explanation of the way each year level focuses on a different aspect of sustainability as linked to the WA Curriculum and Early Years Learning Framework was also provided. Information was also provided around the use of the four coloured recycling bins in the playground and the processing of the waste from those bins.

◆ Australian Early Development Census 2018
