FROM THE PRINCIPAL

Welcome back to Term 3. I trust everyone enjoyed a restful break with school community members looking forward to a fresh start in the new term. Once again we head into another busy time with a range of activities, including Science Week and our House Carnival, noted on our term planner.

Term 3 commenced smoothly this week with students continuing to accept and respond effectively to the expectations of our school. We look forward to a positive school term for all.

BEHAVIOUR EXPECTATION

Our behaviour expectation for the first two weeks of Term 3 is ... 'stay seated and wait to be released by a duty teacher after eating your lunch'.

P & C DAY

On behalf of our school community, I would like to thank the Aveley Primary School P & C for the great job they do in supporting the school in so many ways. Happy P & C Day!

SCHOOL DEVELOPMENT DAY – TERM 3

Monday of this week was a School Development Day set aside for all staff in our school to participate in a range of professional development and training. With a focus on mental and emotional health, these included; Zones of Regulation, Behaviour Management and De-escalation and, revisiting the Behaviour, Effort and Attitude (ABEs), as outlined on the final page of your child's formal semester report. This training was delivered by both external presenters and school based staff. We would like to sincerely thank Deb Greenwood and Helen Smith for their knowledge, skills and time taken to prepare and present their presentations in a highly professional manner.

PLANNING FOR OUR SCHOOL

As a reminder, we are well into planning for 2020 and would appreciate school community support in advising our school of families leaving and new families joining our school. Thank you in advance for your support with this.

ATTENDANCE

Regular attendance at school is mandatory. When a child misses school, they greatly disrupt their learning. It is not okay for students to miss school because it is their birthday or because you are going shopping or because Dad is home from working away or you are going on a holiday during the school term. The Department of Education has strong expectations of regular attendance of all our students.

Interesting Fact – if a child misses one day a fortnight of school from pre-primary to year 10, they will miss almost one year of schooling. If a child misses one day a week of school (from pre-primary to year 10), they will miss almost one year of school.

Remember... “It is Not Okay to Stay Away”.

IMMUNISATION UPDATE

On 22 July 2019, changes to the *Public Health Act 2016* (WA) and the *School Education Act 1999* (WA), came into effect that will better protect young and vulnerable WA children and the wider community from vaccine-preventable diseases. Under these new changes, the child's immunisation status must be 'up-to-date' according to their AIR Immunisation History Statement to be permitted to enrol into long day care, family day care, pre-kindergarten or kindergarten. Exceptions apply to children who have an approved medical exemption to a vaccine, have natural immunity to a specific disease, are on an approved catch-up schedule, or are identified as an exempt child because of a particular family circumstance.

As of 22 July 2019, if enrolment of a child in 2019 or 2020 has already been finalised, the enrolment is not impacted by this new legislation. Where an application for enrolment has not been accepted and/or finalised, the new immunisation requirements must be met. Students enrolled at the same school for the remainder of 2019 are not affected by the changes. More information is attached to this newsletter or here <https://www.healthywa.wa.gov.au/immunisation>.

VACATION SWIMMING (VACSWIM)

With swimming pools and beaches a big part of the Western Australian lifestyle, ensuring your children can swim competently and safely is essential. You can now enrol your children in VacSwim swimming lessons during the October and December/January school holidays.

VacSwim offers swimming lessons for children aged five to 17 years during the October school holidays. Your children can join in the fun of learning to swim at pools and open water venues across the State. Enrol your children in VacSwim now at education.wa.edu.au/swimming

COLDS AND FLU

Colds and flu (influenza) are most common in the winter months. They are highly contagious and are spread by coughing, sneezing and touching. Cold and Flu are two different illnesses caused by different viruses. Colds are caused by 200 different viruses with symptoms including coughing, fever, sore throat, sneezing, and a blocked or runny nose. The Flu is caused by a different group of viruses and it is much more severe. Common symptoms include fever, sore throat, tiredness and muscle aches.

Some ways to protect your children and family from colds and flus this winter include:

- ◆ Getting the influenza vaccination. Flu viruses circulating in the community continually change, and immunity for the vaccine does not last a long time so it is recommended you get vaccinated each year.
- ◆ Eating nutritious foods such as fruit and vegetables to boost their general health.
- ◆ Teaching your child how to wash their hands thoroughly and often. We should wash our hands for at least 20 seconds, especially after coughing, sneezing or blowing your nose.
- ◆ Teaching your children to sneeze into their elbow instead of their hands.
- ◆ Only use tissues once and throw them away after they are used, then wash hands.
- ◆ Keeping children away from people who are infected, and keep children away from school if they show symptoms of a cold or flu.
