OSHClub Assistant Coordinator	Andrea Jayasekera

OSHClub news

This Term at Aveley OSHClub we have focused on many projects starting with our community project, which was sending beautiful heartfelt letters to Hermitage Aged Care to put a smile on the older community's faces during these difficult times. We also decided to do this community project to show students how a simple gesture of goodwill can go a long way.

We had an emphasis on culture and chose two cultures that the students selected which were Japan and Italy. We got them involved in many activities, such as making Sakura blossom trees, bonsais, koi fish, pasta necklaces, pasta picture frames and Italian masks. We also watched videos and learned more about each country to enable students to understand why we chose the craft activities and an explanation of why each country's culture and festivals are unique. They also got to try traditional foods from each country such as pasta and sushi, that were prepared here by all our staff.

In relation to culture, we also had a great harmony week and ended it with a beautiful Harmony Day craft activity where all students expressed their interests. They used their handprints to create their craft. At the end we took a lovely picture of all of us at the centre, celebrating all our cultures and having discussions about our heritage.

The students participated in our sustainability projects which were growing our own herb garden as well as using our recycled materials to create their own imaginary objects. We look forward to seeing how far our herb garden will grow throughout this year.

We also decided to get Aqua dragons for the students to experience something different. The students took turns to feed them, and they got to watch them evolve and investigate what they are and where they come from. Students were so excited and every day they came in they would show their parents and discover how big they

have grown. We have had a very busy but rewarding Term 1 full of learning! We look forward to Term 2 to create new learnings and achievements!

Staffing

Coordinator: Sophia Scasserra

Assistant Coordinator: Andrea Jayasekera

Educator: Debra Aung Baw

This term we have been lucky enough to have Debra join our team as our new permanent educator! She has been a valued asset to our service and is loved by all students and parents. Welcome aboard Debra!

Some photos to enjoy!
