

VOLUNTARY CONTRIBUTIONS AND CHARGES 2023

Dear Parents, Guardians and Caregivers

To enrich the educational opportunities available to your child, under the Education Act, the Department of Education regulations provide that a school may establish funds to assist in the purchase of library materials, sporting equipment, extra art/craft materials, stationery, learning aids and other incidental materials that render the school's learning program more efficient. This letter outlines all contributions and charges that may be incurred by parents for the education of their child in the following year. The Aveley Primary School Board has endorsed the following schedule of Contributions and Charges for 2023.

CONTRIBUTIONS

The voluntary contributions for 2023 for students from Pre-primary to Year 6 are \$50 per child. The voluntary contribution for Kindergarten students is \$60 per child (\$15 per term). The payment of contributions for students in Kindergarten to Year 6 contributes to photocopying \$5, work/exercise books \$5, reading/library books \$5, stationery \$10, craft materials, \$5 and sporting equipment, \$10. An additional \$10 for craft materials is requested for Kindergarten students. The contributions supplement the funding gained from other sources including annual school grant, P&C funding as well as State and Federal Government grants. Parents/Carers are welcome to pay their voluntary contributions when paying for their child's personal items (booklist) or at the Administration Office at the beginning of the 2023 school year.

While the contributions are voluntary, the quality of our teaching and learning program is maximised when each family makes its contribution.

CHARGES FOR EXTRA COST OPTIONAL COMPONENTS

The term 'charges' refers to the provision of extra cost optional activities which are a part of the educational program and which voluntary contributions do not cover. All the following are optional and if no payment is received, an educational activity with a similar outcome will be provided to that student. The 2023 extra cost optional activities have been approved by School Board. The estimated costs provided are at an upper limit and will not exceed this amount. **These costs will occur only if the activity is actually undertaken.**

Details on charges collected in previous years have helped guide the Charges Schedule 2023. Payments must be made prior to the event unless payment arrangements have been made please speak to the classroom teacher, Principal or Manager Corporate Services for further information.

A list of materials your child will require for the start of the year has been developed by staff and distributed. The Personal Items List is supported by Campion. The school receives a commission that is channelled into student resources. It may be necessary to replace some items such as pens, glue, and pencils, throughout the year. Parents are asked to check these each term and replenish where necessary.

The listed Personal Items can be purchased through the suggested supplier or a supplier of your own choice.

PAYMENT OPTIONS

- The payment of the voluntary contribution is preferred at the beginning of the year; however, it may be paid by instalments at the beginning of each term. The payment can be made through Campion when ordering your Personal Items List, through the front office by cash, EFTPOS or by internet bank transfer.
- The school bank details are:
