

## **Aveley Primary School P&C**

### ***President's Report – 22 April 2024***

#### ***Thank you***

- A huge thank you to the P&C members, School staff and volunteers for a successful first term for 2024!

#### ***Containers for Change***

- The Containers for Change program has continued to be a success, even after the installation of additional bins throughout the school grounds.
- We successfully filled our bin last term, which resulted in \$61.80
- Regular promotion on our Facebook page has contributed to this goal

#### ***Colour Run 4 Fun***

- Our first ever Colour Run 4 Fun was the highlight of the first term. We had a few teething problems for our first event, but overall we have had positive feedback from the school and school community.
- Our final figures for the Colour Run 4 Fun fundraising was \$37, 783, with the P&C keeping a total of \$22,699.80 after we have paid out Australian Fundraising for providing all of the online admin, prizes and set up.
- There have been requests that the P&C looks to hold this as an annual fundraiser event, but look to hold it in the last term of school instead of the first in future.

#### ***This Term***

- We have a very full calendar for Term 2! I hope to see most of our P&C members get behind these upcoming events and promote the P&C to other parents to build on our committee as well as gain some additional volunteers to ensure the success of our planned events.
- The annual Mother's Day stall and additional raffles will be in early May
- The annual Book Fair will be in late May
- The school disco will finish off the term with a jungle theme!
