

Aveley Primary School P&C

President's Report – 27 October 2025

Father's Day Stall

- We had another successful year hosting the annual Father's Day stall.
- Volunteers were reduced due to conflicting volunteer activities to support the sports carnival, however we were fortunate to have the Year 6 students assist the P&C during the Kindy, PP, Year 1 and Year 2 stall visits. This was invaluable as we were able to provide personal shopper experiences with the younger classes.

House Carnival

- The P&C organized the student BBQ lunches and various food trucks for parents and spectators.
- We had some volunteers assist with the delivery of the school lunches to students.
- This year we trialed the addition of our 'Supporter Gear' Fundraiser. It was a great success with the P&C receiving 25% of sales.

Colour Run

- Our second ever Colour Run was held on the last day of term 3.
- The P&C took on the feedback from the school community and school staff to refine the obstacle course and reduce the time out on the oval. It was agreed that reducing the event to the last hour of the school day would be better and we had some positive feedback this year!
- The P&C booked a variety of food trucks to boost school community attendance and this year we included a foam pit and a water truck!
- We received just under \$9, 000 in fundraising this year!
- Prizes have been ordered and we expect them to be delivered Term 4 for distribution

Still to go this term....

- Please get behind these upcoming events in Term 4:
 - STEM/Open Night – Wednesday 12 November 2025

Reminder on Committee Positions for 2026

- I would like our committee to review their current roles, and start thinking about the future and their ability to commit again for 2026, please take the time to review the position descriptions on our socials and start thinking about what role/s suit you and your skills best!

Volunteers are always needed

- Continue having discussions in your friendship circles, class year group chats and at all our events. The more people we can bring in to join us will help ease the workload for everyone.
